# Defining Neighborhoods

**1<sup>st</sup> Question: What is your neighborhood?**

**2<sup>nd</sup> Question: What are its geographic boundaries?**

**Examples of physical features defining a neighborhood boundary:**

- ❑ Natural neighborhood dividing lines, such as highways, major roads, rivers, canals, or hills
- ❑ Areas around parks or schools
- ❑ Other neighborhood landmarks

In the absence of public testimony, staff resources or planning records may be used to define neighborhoods and neighborhood boundaries

# Beyond Neighborhoods: Defining Communities of Interest

## 1<sup>st</sup> Question: What defines your community?

- Geographic Area, plus
- Shared issue or characteristic
  - \* Shared social or economic interest that is impacted by city policies*
- Tell us your community story

## 2<sup>nd</sup> Question:

**Would this community benefit from being “included within a single district for purposes of its effective and fair representation”?**

- Or would it benefit more from having multiple representatives?

*NOTE: Definitions of Communities of Interest may NOT include relationships with political parties, incumbents, or political candidates.*

# Public Hearing & Discussion

- What is your neighborhood and what are its boundaries?
- What other notable areas are in the city, and what are their boundaries?
- Inform the public on how they can participate
- Any questions about what's next?

At the second hearing, Council will take public testimony and provide additional input regarding preferred map boundaries.

# Timeline & Next Steps

- The prisoner-adjusted census data was released by the state on September 20, 2021.
- Three additional public hearings must be held before the Council may vote on a proposed final boundary map.
